

Pure audio. Pure air. Anywhere.

The Dyson Zone™ headphones provide a pure, immersive listening experience and on-the-go air purification when you need it. Following five years of research and development, the headphones deliver up to 50 hours³ of ultra-low distortion, advanced noise cancellation and faithful, full-spectrum audio reproduction.

Key features

Pure Dyson audio

Engineered for ultra-low distortion, ensuring absolute clarity in bass, mids and highs at any given volume.

Advanced noise cancelling

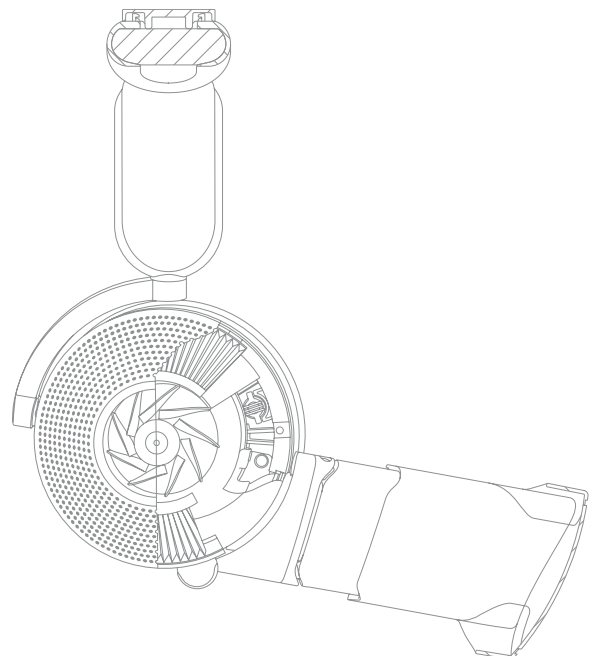

11 microphones feature within the product. The ANC system uses eight to reduce the sound of the city up to 38 dB; these microphones monitor surrounding sounds 384,000 times a second.

Pure air

Magnetic visor delivers purified air, comfortably and hygienically – without touching your face.

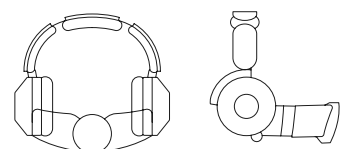

Captures ultrafine particulates and fumes

Electrostatic filter removes 99% of pollutants as small as 0.1 microns.¹

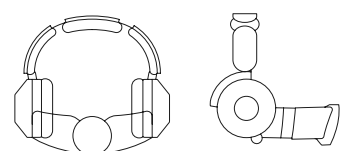

Dyson Technology Limited
Confidential

1. Filter efficiency tested to ISO 29463 adapted at max flow setting by an independent third-party laboratory. Capture rates may differ depending on real life usage.
