OMV / Oil / Gas / Libya

22.02.2011

Due to the current political unrest in Libya, OMV expects a temporary reduction of its Libyan production and can not exclude a complete stop. In 2010, Libya contributed approx. 33,000 boe/d, that is about 10%, to OMV's total production. Concrete impacts are currently under evaluation. OMV's presence in Libya has been reduced to few essential staff.
