Airopack Technology Group AG strengthens its group management and appoints new CFO

Baar, 27 January 2017 -Airopack Technology Group AG ("ATG") today announced several appointments within its senior leadership team as part of its strategy to unlock the unique growth potential of ATG's innovative Airopack technology.

These appointments will support the next phase of growth by allowing Airopack to improve its time to market, reduce costs, and enhance its organizational footprint. This strengthening of Airopack's group management will also allow Airopack to further revolutionize the packaging industry by making dispensers cleaner, safer and cheaper, in order to better serve leading fast-moving consumer goods companies.

Effective today, Liebwin van Lil is the new Chief Financial Officer for ATG, after joining the group on 1 November 2016. With nearly 25 years' experience, mostly in the packaging industry, Liebwin has been brought in to create a robust and transparent global corporate structure to support the business through its next phase of growth.

Liebwin joins from Hovis Ltd (UK), where he was Group CFO and prior to that he held the role of EMEA Finance Director at Brady Corporation.

Frans van der Vorst, who has held the CFO role for the last 6 years, is appointed to Chief Business Development Officer. In his new role, Frans will be responsible for leading the group's expansion into new territories and markets.

Frans has been a key member of Airopack's Group Management since 2011 and has worked as CFO alongside Quint Kelders since 2006, acquiring vast business knowledge of Airopack and its markets.
